You have choice and control

We offer a range of fun and meaningful activities to choose from. Activities are located at our centre or in the community. Each activity focuses on developing independent living, social and communication and/or health and wellbeing skills.

The activities are created based on your goals and the skills you want to achieve. We run programs in a 24-week semester, giving you time to explore and grow your skills.

On the days you attend, you can choose one morning activity and one afternoon activity, or you can choose an all-day activity, if offered.

Program fees

Why do we charge program fees?

Some activities and programs have costs that are not covered by NDIS funding. Program fees help cover costs such as entry fees, materials, groceries, and other resources needed to deliver quality programs and community experiences.

Paying your program fees

Program fees should be paid before the semester begins wherever possible to allow activities and resources to be organised and booked in advance.

Fees can be paid by:

- Invoice issued before the start of the semester; or
- Bringing your own money on the day for applicable activities.

Flexible payment options

Your Team Leader can discuss the available payment options with you before the semester begins. Agreed payment arrangements will be confirmed in your individual timetable.

If you are unable to pay by the due date, please speak with your Team Leader. Payment arrangements may be available to support your participation. Failure to make payment or agree on a payment arrangement may affect attendance at activities that require advance bookings or resources.

Important information

Program fees and activity costs are separate from NDIS-funded support hours and **cannot** be claimed through NDIS funding. If you have any questions, please speak with your Team Leader.
