

Aspect's Statement of Commitment to Safety

Aspect is committed to the safety, wellbeing and dignity of all children and vulnerable people, with zero tolerance for abuse, neglect or harm. We recognise that autistic individuals and those with additional vulnerabilities may face greater risks, and we are dedicated to upholding their rights through inclusive and accessible practices. We foster a culture of safety where voices are heard and respected, and all staff, volunteers and leaders take responsibility for safeguarding. Through strong governance, safe recruitment and ongoing training, we work to prevent harm and respond promptly to concerns, always acting in the best interests of those we support.
