

Aspect education

About our schools

Our schools are dedicated to supporting students on the autism spectrum. We recognise that every student is unique, with their own strengths and interests. We take immense pride in providing personalised learning experiences that empower each student to reach their full potential.

Why choose our school?

We understand autism like no other school

We are leaders in supporting Autistic students, offering Australia's largest autism-specific education program.

Get a great education, tailored to each student

We are a registered, accredited school with highly trained teachers who adapt learning to each student's strengths and interests.

Environments designed for Autistic learners

Every element of our autism-friendly environment is created to help nurture learning and wellbeing every day.

A community where you'll feel right at home

Aspect is more than a school — we are a caring community where families and carers connect, share experiences, and celebrate together.

The conversation is always open

We value open, honest, and supportive two-way communication with families.

The journey doesn't end with us

We support students and families through every key transition, from joining our school to moving on to new educational environments.

Our purpose a different brilliant®

Understanding, engaging
& celebrating the strengths,
interests & aspirations of people
on the autism spectrum.

Our schools

Outside our classrooms

- Sensory-friendly playgrounds
- Stimulating play areas including wet weather and quiet play options
- Softfall flooring
- Equipment designed to support gross motor development and encourage fine motor skills (sand play, water play, individual toy play, nature play)

Inside our classrooms

- Autism-friendly designed learning spaces
- Small class groups
- High staff to student ratio
- Flexible seating options (pedal desks, bean bags, wobble stools)
- Calm spaces
- Dimmable lights
- Felt panel walls (sensory and acoustics)
- Interactive Smartboards
